EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Howard Zaretsky on April 7, 2005.

The application has been amended as follows:

Claim 22 (currently amended). The method according to claim 1, wherein said steps of calculating, selecting, removing, correlating, and estimating are performed in a non-sequential symbol order.

EXAMINER'S STATEMENTS OF REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance: Claims 1-24 and 55-77 are allowable over prior art references because related references do not disclose calculating an impulse response of previously estimated symbols using a channel impulse response and previously estimated decisions, removing an influence of previously estimated symbols from the received signal to generate a modified received signal, and correlating the modified received

signal with the channel impulse response to obtain a correlation for each symbol. Claims 25-54 are allowable over prior art references because related references do not disclose removing an influence of previously estimated symbols from the received signal to generate a modified received signal, correlating the modified received signal with the channel impulse response to obtain a correlation for each symbol, calculating a cross-correlation coefficient matrix and inverse matrix determinant based on a channel estimate, using the cross-correlation matrix to calculate a current symbol decision, and quantizing the current symbol decision.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Curtis B. Odom whose telephone number is 571-272-3046. The examiner can normally be reached on Monday- Friday, 8-5.
